Remember the Dead Fight for the Living!

On 28th April across the world, millions of workers, unions and families stand together under the united banner of 'remember the dead and fight for the living'.

It is a time when we remember the 51,000 deaths and over 621,000 injuries and the millions who are made ill by work every year in GB.

The theme this year is '**Taking control - removing dangerous substances from work**' and we know that workers in trade union organised workplaces are twice as safe.

Almost all workplace deaths are caused by employers' negligence and the most vulnerable in our workplaces are more at risk of being made ill, injured or killed.

Last year we unveiled a wonderful tear drop stained glass window in the Peoples History Museum. 'Fallen Tears' at the Peoples History museum
