

I'm supporting care workers to stop the spread.

Protect health

Priority testing for care workers to limit the spread of disease to vulnerable patients and service users. Guarantee all essential training and personal protection equipment (PPE) to all frontline workers (e.g. goggles, masks, hand sanitisers, thermometers) in line with Public Health England guidance.

Protect pay

Full normal pay for all those required by government guidance to self-isolate or who become ill because of COVID-19, in order to prevent unnecessary spread of infection. This includes all staff on zero-hour contracts, bank/relief contracts or multiple contracts.

Protect employment

Ensure no-one is dismissed or laid-off for staying at home to care for themselves or their family. Absence due to COVID-19 should be excluded from absence management triggers.

Protect our families

Carers leave on full-pay for workers caring for a dependent who has COVID-19 or for whom childcare is unavailable.
