

March in Chorley
Saturday 11 June

Assemble at 12:30
at Astley Park Gates, Park Road

Our NHS is under terrible pressure due to inadequate Government funding. Across the country, targets are being missed on waiting lists, cancer care and ambulance waiting times. Staff are underpaid and overworked – working flat out to keep services going.

In Chorley, the A&E has closed because there are not enough doctors to keep it open. The community needs an A&E, and pressures on A&Es in other hospitals in Lancashire are growing while Chorley's is closed. It needs to be re-opened immediately.

We cannot allow our NHS services to be cut back and closed due to a lack of resources. If it can happen in Chorley it could happen anywhere.

Join us on Saturday 11 June
