

Pensioners' Parliament 2017

Hundreds of older campaigners are expected to gather in Blackpool for the annual three-day, NPC Pensioners' Parliament from 6-8 June 2017. The event always starts with a colourful and noisy march through the town centre, followed by a rally with a number of well known speakers. Full details of these will be available shortly.

Day two will include sessions on the future of state and occupational pensions, the NHS, what Brexit means for older people, the impact of devolution on services, transport issues and local campaigning, and delegates will also be able to pick up useful information from a range of expert speakers as well as ask questions and give their own views. There will also be a lively exhibition area, extra activities going on during the conference and a popular social evening.

The final morning we hope will feature a panel of MPs to discuss the crisis in social care and debate what can be done to find a solution.

One of the ways we can build the pensioner movement is through attending the Pensioners' Parliament. It promotes a shared identity and unity in campaigning, as well as providing the opportunity to meet old and new friends and to socialise.

We hope you will decide to be a part of this unique experience. We know you will enjoy it if you do.
