

Coordination of Services

The desired outcome of all cross-system efforts is to support organizations to develop relationships that allow them to achieve results they would not likely have achieved alone. We have convened on a quarterly basis to offer professional development skills on how to network, disseminate and share information, and to cooperate, coordinate, and collaborate effectively. It is also our goal to provide information on the targeted communities.

Funded by the South Pima Regional Partnership Council of First Things First, we are working to improve the coordination of services for families with children birth to five years old in all of Southern Pima County, with special emphasis on the following communities: Amado, Arivaca, Sasabe, Three Points, Summit View, Vail and Corona de Tucson.

FIRST THINGS FIRST

**United Way of Tucson
and Southern Arizona**
