

Coordination of Services

The desired outcome of all cross-system efforts is to support organizations to develop relationships that allow them to achieve results they would not likely have achieved alone. We have convened on a quarterly basis to offer professional development skills on how to network, disseminate and share information, and to cooperate, coordinate, and collaborate effectively. It is also our goal to provide information on the targeted communities.

Funded by the South Pima Regional Partnership Council of First Things First, we are working to improve the coordination of services for families with children birth to five years old in all of Southern Pima County, with special emphasis on the following communities: Amado, Arivaca, Sasabe, Three Points, Summit View, Vail and Corona de Tucson.

Geographic Information

- Three Points Arizona is located 45 Miles from Mexico, at the crossroad of Highway 86 and 286.
- Robles Junction is an unincorporated community in Pima County, Arizona.
- 2010 Census reflects a total of 5,581 residents in the 45 square miles area.
- Encountered immense growth since the early 1980's.
- Many suspect that the Census counts grossly underestimates population of low-income areas.
