

## Christopher Brown, Senior Engineer, SDG&E

### Why do you wish to join the Board of Directors of the San Diego Green Building Council?

The built environment is a huge part of society's energy use and our future is dependent on making that energy use as efficient as possible. Being a part of the SDGBC Board is my way of contributing to the local community and improving it for all of us who live and work here.

### Summary of your professional qualifications, knowledge, and experience most relevant to SDGBC. Also indicate any senior management and executive level experience.

I am a California Registered Professional Engineer with ten years experience working with local cities and government agencies on energy efficiency and green buildings. I have been on the SDGBC board for two years and another volunteer board for three years.

### Availability and willingness to participate in resource development. This may take many forms, including direct sponsorship, helping secure funding, or otherwise opening doors to corporate, governmental and charitable sources.

I am willing to work on fundraising for the organization.

### Other expertise, experience and resources you bring to the Board of Directors.

I have extensive connections with local government organizations such as The Port of San Diego, water agencies and various cities that are involved in green projects.

### Experience and any current engagement with other nonprofit organizations and governance.

Treasurer, De Luz Ranchos Association

### Affiliations, memberships, and accreditations that may be valuable to SDGBC leadership.

None

### Additional thoughts on ways the SDGBC can improve attainment of our vision.

SDGBC Vision: Our buildings and our communities will regenerate and sustain the health and vitality of all life within a generation.

We need to continue to execute our strategic vision.
