

We at VFFC are encouraged by the support we received with our first week offering a curbside pick-up market option for Rutland!

Our [online market site](#) is open now through Wednesday evening at 7 PM, and we have even more options available this week, including a few add-on items!

We intend to make the online ordering site open each week from Monday evenings to Wednesday's at 7 PM, for Saturday pick-up. Please check back during that time each week to see what delicious local foods we're offering.

We welcome your feedback in this new and entirely volunteer-run effort while our resources and ability to respond are limited. Please email your input to localfood@vermontfarmersfoodcenter.org.

Thank you and stay well!

~VFFC Board
