

Liz WALSH

• CANDIDATE FOR
RIVER WARD

I'm a Maidstone local and a hospitality worker with a young blended family. I'm standing for council to give low income people a stronger voice. I'll put people before profits and help to reinvigorate the spirit of community solidarity that runs deep in the West!

WHAT I STAND FOR:

- **Reverse privatisation** of council aged care
- Expand **council-run childcare**; set up council-run after school care
- Mandate affordable and **public housing** in new developments
- **Rate relief for households and pensioners** in financial stress
- **Protect green spaces** from developer greed
- Increase funding for **neighborhood centres, maternal health and community sport**
- **Act now on the climate crisis**; divest from fossil fuels, grow urban forests
- Support **Aboriginal rights; refugees and LGBTIQ+ equality**
- Create a permanent arts precinct centred on Footscray Community Arts Centre to **support the grassroots arts scene**
