

MARIBYRNONG
COUNCIL
ELECTIONS

Jorge Andres **JORQUERA**

• YARRAVILLE
candidate

I have spent my life in the West fighting for the rights of migrant communities, young people and working class families.

I have done this as School Council President at Footscray Primary; school councillor at Footscray High; board member at Yarraville Community Centre; soccer coach campaigning for community sport and public spaces; anti-racist and refugee rights campaigner; and school teacher and academic at Victoria University.

I aim to make a difference supporting communities struggling with high rents and rates, stressful mortgages, and homelessness; promoting cultural diversity and opposing racist discrimination in policing and media; promoting local job creation; boosting support for community arts and grassroots sports; and advocating for schools that promote social justice.

I am very passionate about building a local council that will advocate for the rights of working families, young people and aged citizens, and reinvigorate the spirit of community solidarity that runs deep in the West!
