

Assistance for Migrant Workers

All workers in Australia have the same rights at work – no matter where they come from.

The **Migrant Workers Centre** is here to help people from migrant communities who are experiencing difficulties with their job. We can provide advice and assistance to you if your job has been affected by the lock-down.

Pandemic Leave

Most workers have unpaid pandemic leave. This means that you have a right to not go to work for 2 weeks because of the lock-down. You need to let your boss know as soon as possible that you need to take this time off. Your boss can't fire you for taking this time away from work.

If your boss threatens you or tells you that you no longer have a job because you can't leave your home you should **contact us via:**
