

I'M VOTING YES!

ASK ME WHY

5 reasons why it's time for marriage equality!

- 1 Equality and fairness:** All Australians should be treated equally under Australian laws and that includes being able to get married.
- 2 This is about real people:** This is about members of our family, our friends, our workmates, our neighbours and people who live in our communities. They should have the same chance for happiness, dignity and respect as every other member of our community.
- 3 Love and commitment:** Marriage is about the commitment shared between two people who love each other and want to build a secure future together. Marriage equality is good for them, their family and for our whole community.
- 4 Australian values:** This is the land of a fair go. Extending civil marriage to all Australians will make that true for everyone. Our laws should reflect the values we are most proud of.
- 5 Progress:** Extending marriage to all Australians is good for society. Marriage equality does not take away from anyone and it will not change anything for the vast majority of Australians but will make a huge difference to the status and dignity of one group of Australians.

TAKE THE PLEDGE!

I will vote 'yes' to marriage equality because:

- In Australia, fairness and equality are central to who we are and what we stand for;
- Every loving and committed couple should be treated the same in Australian law, including be able to legally marry;
- Everyone in my community should have the same opportunities for dignity, respect and happiness.
