

HUBDIALER ~ QUICK Start

(3 simple steps)

1. **LOG IN to the DIALER**— Go to <https://www.hubdialer.com/agent/> and after you enter the info on the login form, and click on “Login” the system will call your phone and tell you your Agent ID number. Once you type that number into the form on your computer screen, you’ll be ready to start calling. (NOTE: You won’t be using your minutes—the system has called you.)
2. **Tailor YOUR delivery**— Make the script your own (the shorter and sweeter, the better):

Hi, may I please speak to _____? or Hi, is this [say person’s name]
(*Person answers... “that’s me, who’s calling?”*)

Hi, I'm a volunteer with the Paul Feeney for State Senate campaign. We're talking with our neighbors tonight about Paul Feeney and his campaign to represent our district in the State Senate. Will you be supporting Paul Feeney in the Democratic Primary on Tuesday, September 19th?

Depending on their response, you keep the call as warm, positive & brief as possible (mention VoteFeeney.com, if they need more info), thank them for their support, or their time, and wish them a good afternoon or evening.

Info for the precinct you are calling can be found here including registration deadlines or requirements—be sure to confirm with the Feeney supporter the location of their polling place.

3. **Rate the Call**—Characterize the contact &/or record their level of support. You will hear an audio prompt, telling you to click on the “Next Call” button when you’re ready to move on to the next call. You can let the audio prompt keep repeating if you need to take a quick break—for breaks(longer than 2 minutes, please log out by clicking on “This is my last call” button.)

WE CAN DO THIS — With your help, along with thousands of others supporters from across the district, we can identify voters so that our staff and dedicated volunteers on the ground in each state can more effectively get voters to turnout and cast their votes for Feeney.
