

# Printing a Voters Not Politicians Banner

(Vertical version - 2.5" wide x 6" tall)

Voters Not Politicians volunteers are now able to print their own banners! Remember, you must submit an in-kind donation form for all funds spent on printing a banner or other marketing materials: <http://www.votersnotpoliticians.com/inkinddonation>

You can have the banner professionally printed through an online vendor like VistaPrint OR at a local vendor. The illustrator file that you download will work for either option.
