Significant public transport improvements in this corridor have been consistently supported at a local level, but which have been rejected by the current NSW government. Will you support this proposal through the federal system in the near future? YES, Trams should be brought back, to run along the northern beaches from Manly to Avalon/Palm Beach if practical , and from Seaforth ,to North Balgowlah, then Balgowlah Heights, then back to Fairlight Tops , then back to go north to Manly Vale, then to Brookvale and link up with the tram from Manly to Avalon/Palm Beach
