

# AYC 181 Bedford and 250 Davenport Revitalization Construction Update #1

**June 2017**

Dear Neighbour,

We are very excited to announce the first phase of the AYC 181 Bedford and 250 Davenport Revitalization Project being undertaken by Diamond Corp. and Metropia, in collaboration with Toronto Community Housing Corporation (TCHC), and managed by TMG Builders, is about to commence.

The first phase of work involves the renovation of a portion of the existing garage structure for TCHC, including such elements as new internal ramps and a new entrance driveway on Pears Avenue.

In the coming weeks you will see some work commence on site in order to prepare for the renovation. This preparatory work will consist of, but is not limited to, the following:

- Removal of some trees on Pears Avenue (as permitted by the City)
- Creation of a small construction staging area on the south boulevard of Pears Avenue, including the installation of construction fencing
- Modifications to the surface parking and turning circle at 250 Davenport, including the installation of construction fencing

Following the site preparation, the bulk of the work will take place inside the existing garage.

Further updates will be provided throughout the process. Please check out our website for more information and the opportunity to ask questions. We will also post regular updates and notices on our website.

[ayccondos.com/construction](http://ayccondos.com/construction)

By August 2017 we will have engaged a Construction Liaison Representative (“CLR”) on site. The CLR will provide periodic updates on construction activity and also be available to answer any questions or concerns from the neighbourhood on a daily basis.

Sincerely,

The AYC 181 Bedford and 250 Davenport Revitalization Team
