

Transit Notice

Emergency streetcar track repairs Spadina Station - Streetcar loop

Date: August 15 and 16, 2015

Work description and purpose

This weekend, the TTC is making emergency streetcar track repairs in the tunnel leading to Spadina Station. The streetcar platform at Spadina Station will be closed. The work is scheduled for completion by morning service on Monday, August 17.

This work will require temporary changes to the 510 SPADINA streetcar service (*see below*).

Works hours

The work will be conducted inside the tunnel section each day between the hours of 7 a.m. and 10 p.m.

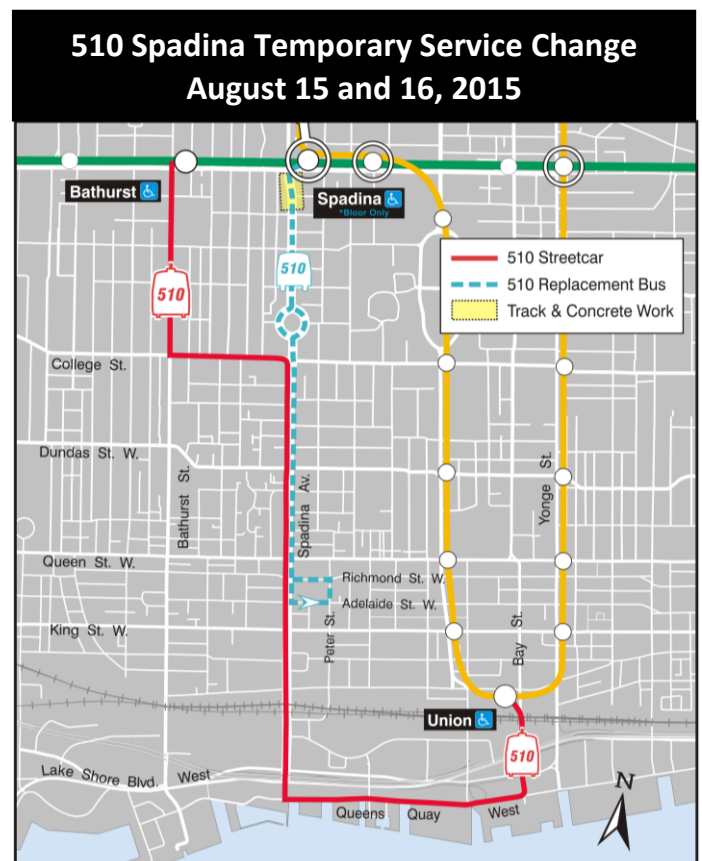

Traffic Restrictions

All TTC work vehicles and materials will be within the streetcar right-of-way, having no direct impact on vehicular traffic.

Temporary Transit Service Changes

During the track repairs the following temporary changes to service will be made.

- 510 Spadina Streetcar Route**
 Streetcars will be diverted to Bathurst Station, operating from Union Station both ways via: Queens Quay West, Spadina Avenue, College Street and Bathurst Street. Regular streetcar service will resume on Monday, August 17 at 5 a.m.
- 510 Temporary Spadina Bus Replacement Service**
 Buses will operate on Spadina Avenue (curb lane operation) between Spadina Station and the Adelaide/Spadina intersection. For the return northbound trip, buses will loop via: east on Adelaide Street, north on Peter Street, west on Richmond Street and north on Spadina Avenue to Spadina Station (street level).
- The new low-floor streetcars will operate exclusively on the 509 Harbourfront route this weekend.
- Customers will require TTC paper transfers to transfer between buses and streetcars.

Thank you for your patience as we work to improve transit in Toronto.
