## Road Resurfacing on Baldwin St From Spadina Ave to Henry St.

**Start Date: September 2015**

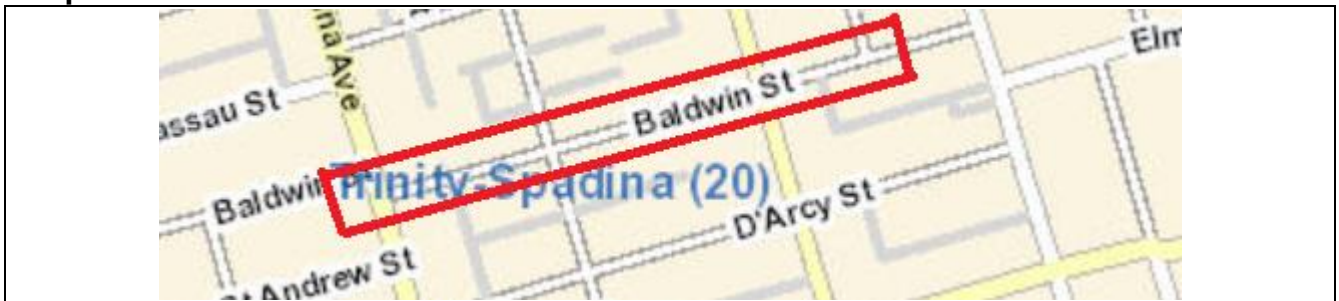

**End Date: November 2015**

*\*Timeline is subject to change. Future notice to be provided.*

The City is planning to resurface Baldwin St from Spadina Ave to Henry St in the fall of 2015. Our inspection of the road shows that it needs to be repaved and sections of damaged curb and sidewalks need to be replaced to bring it to a state of good repair.

This work is part of the City's comprehensive and coordinated strategy to rehabilitate and upgrade our roads for current and future needs. The project is part of the Council-approved 2015 Capital Works Program.

### Map of Work Area:

### What to expect before construction

- Work crews will mark sidewalks and curbs to be replaced and underground utilities, such as gas, water and cable.
- A Construction Notice will be delivered to affected properties approximately 48 hours before work begins with an exact start date and details about the work.
- Further notice will be provided to property owners who must remove items located within City property limits (boulevard), such as decorative objects. If you have a sprinkler system within the boulevard, please contact the Project Manager listed below.
