Public Meeting 328 Dupont Development Proposal Update

I am hosting a meeting to discuss recent events that have transpired in relation to a development proposal at 328 Dupont Street.

In December 2013 City Council directed City Staff to undertake a study of the Dupont Corridor (Ossington Ave. to Kendal Ave.). The study examined land uses, streetscape improvements, urban design and built form guidelines, transportation options, the function and design of Dupont Street, and the impact of the rail corridor on potential development options.

Public meetings were held throughout 2014 and City Council adopted a final report at its meeting on August 25, 2014, which was subsequently appealed to the Ontario Municipal Board. Site specific applications for a number of sites along the Corridor, including 328 (328, 330, 332, 344 and 358) Dupont, were also received by the City, and appealed to the OMB.

Date: Wednesday October 19th, 7:30 – 9:00 pm
Location: University of Toronto Schools, Auditorium
(371 Bloor St. W)
