

The WEAO Wastewater Treatment and Technologies Committee is pleased to announce our spring technical seminar:

What Does the Future Hold?

June 20, 2019

Mississauga Grand Banquet and Event Centre, 35 Brunel Rd, Mississauga, ON

The Wastewater Treatment industry continues to evolve at an increasingly rapid pace. How can we embrace this change and make sure we are equipped for the future?

Join thought leaders of our industry as they share their vision of where we are going and how we should be preparing for it now. We will explore the future of wastewater in terms of technological innovation, sustainability and the digital revolution.
