

## **PWO TOUR – TORONTO 2019 RIPLEY'S AQUARIUM April 14, 2019**

The 2019 PWO Tour will be to Ripley's Aquarium, located at the base of the CN Tower. Ripley's Aquarium has 5.7 million litres of marine and freshwater habitats from across the world. These habitats house over 16,000 exotic sea creatures including sharks, jellyfish, green sea turtles and stingrays.

The Aquarium is within walking distance from the Metro Toronto Convention Centre (North Building), where we will meet in the entrance at 12:15 pm sharp on level 200 before departing.

There will be two behind-the-scenes tours at the aquarium, including a look at the water filtration system and where and how they take care of the animals. Following the behind-the-scenes tours, registration includes the self-guided tour of the Aquarium, where you can take yourself through the Aquarium and see the animals from the "outsider's" perspective.

No PPE is required, and this year's registration will be capped at 30 people. Dress comfortably for the tour!

### **Additional Info:**

- Cost: \$30 per person.
- Depart: 12:15pm sharp – from Level 200 at the Metro Toronto Convention Centre
- Return: 4:00pm (approximate)
