BARGAINING UPDATE

CROWN DOUBTS VALUE OF SECURE JOBS

Union members' plan for secure jobs

Your bargaining team presented our plan to make Crown a better place to work.

There are 4 key parts to our plan:

1. Maintaining full-time jobs
2. Permanent jobs for casuals after 12 months (for those who want it)
3. Fairer part-time bands that deliver higher minimum hours
4. More achievable progression through PT bands

Members across the casino have clearly identified issues around hours and job security as core things we need to fight for in this EA.

However the company won't give us what we want unless we're prepared to stand together.

#ibackmyteam

Executive Management questioned whether our plan for secure jobs is supported by members. So let's show them that it is. Come to the union desk and show you care about the hours crisis.

WE WANT A GENUINE PATHWAY FOR MORE SECURE HOURS AND FULL TIME JOBS.
