**Community Intelligence/Making Connections Network Dialogue:**

**Discussing the Impact of Domestic Violence and Intimate Partner Violence/Trauma on Communities of Color: When Men Murder Women – An Analysis of 2015 Homicide Data: Discussing the Results of a Violence Policy Center Study Examining Homicides Involving One Female Murder Victim and One Male Offender**

Black women are disproportionately victimized in single victim/single offender incidents homicide incidents. Firearms, especially handguns, were the most common weapons used by males to murder black females. When the murder weapon could be identified, 585 of black female victims were shot and killed with guns. Within that group, 78% were killed with a handgun. The study found that in 2015, 476 black females were murdered by males in single victim/single offender incidents, at a rate of 2.43 per 100,000. In comparison, the rate for white women murdered by males for that year was 0.96 per 100,000. Nationwide, across all races, 1,686 females were murdered by males in single victim/single offender incidents in 2015, at a rate of 1.12 per 100,000.

**When:** December 11th, 2017

**Where:** The California Endowment, 1000 N. Alameda Ave., LA, CA 90012

**What:** We will be discussing the results of a Violence Policy Center study examining homicides involving one female murder victim and one male offender. The study found that 'a black female is far more likely to be killed by an intimate partner; more than 13x as many black females were killed by a male they knew than by a stranger; and, 78% were killed with a handgun.

**Time:** 9 am start – 3 pm finish.

**Attendees:** This dialogue is intended for people interested in discussing the impact of gun violence, handgun violence, domestic violence, and/or intimate partner violence on homicide perpetration and victimization in communities of color. Mental health professionals, public health professionals, educators/school teachers, maternal and child health advocates, injury prevention professionals and organizations, law enforcement, district attorneys, faith community, parenting and fatherhood professionals, students (undergraduate and graduate) and domestic/family/intimate partner violence professionals are encouraged to attend however, everyone is welcome.
