

STD Clinical Update: Syphilis in Women and Congenital Syphilis

Please join **Essential Access Health** and expert speaker **Monica Munoz, RN, MPH (Manager- Clinical Guidance & Nursing Unit, LADPH)** for an update on syphilis in women, in pregnancy, and congenital syphilis. This one hour training will include a presentation of current epidemiology of syphilis and congenital syphilis; a discussion of syphilis symptoms, staging and treatment, as well as how syphilis can present differently in pregnant and non-pregnant women; and discussion of approaches to address syphilis in women and congenital syphilis in District 2/South Los Angeles.

Date: September 17, 2018
Time: 9:00 AM - 10:00 AM
Location: Radisson Midtown at USC
3540 S. Figueroa St.
Los Angeles, CA 90007

**Please RSVP by responding to this message
or emailing Sarah Roush (sroush@essentialaccess.org)**

Target Audience:

Clinical providers serving the communities of South Los Angeles (District 2). Physicians, PAs, Nurses, Medical Directors, and clinical administrators are encouraged to attend.
