ALRM Statement on Crisis Services Funding - COAG

The Aboriginal Legal Rights Movement Inc. SA extend our congratulations on the holding of a COAG National Summit on reducing violence against women, to be held on Friday 28th October.

We highlight concern that the WEL's submission for funding by State/Federal governments into crisis accommodation for women and children escaping domestic violence, is not on the agenda for the Summit.

It is alarming, that despite Aboriginal and Torres Strait Islander Women Family Violence statistics, there is a lack of commitment to increase crisis accommodation for Aboriginal & Torres Strait Islander women and children escaping domestic violence.

We advocate support for the WEL submission for this item to be placed on the COAG agenda for this Friday's meeting.

Kind regards
