Subject: James Dick Construction Limited (JDCL) - Application for a Category 1 and 2 Class A Licence under the Aggregate Resources Act; Part Lot 7, Concession 2, Township of Nassagaweya in the Town of Milton in the Region of Halton (the "Application")

Dear Ms. Dinunzio,

In the fall of 2018, I sent a letter to the Ministry of Natural Resources and Forestry ("MNR"), to the attention of Ben Keen (the Aggregate Technical Specialist from the Aurora district office initially in charge of the Application), and to JDCL, attention Greg Sweetnam, objecting to the above Application ("Letter of Objection"). My Letter of Objection was delivered to you prior to September 17, 2018, along with those of many other objectors.

I understand that many objectors have received Notice of Objector Responses from JDCL dated April 25, 2019 ("2019 Notice to Objectors") and, most recently, November 19, 2020 (the "2020 Notice to Objector")(collectively the "Notices"), both of which instructed them to respond to the MNR, per the Provincial Standards under the Aggregate Resources Act, within 20 days from receipt of such Notice in order to be included in the list of objectors and to maintain their objector status.

I am writing to you because either (i) I did not receive a response from JDCL to my original Letter of Objection and did not receive either Notice, or (ii) I did not receive the 2020 Notice. As you are aware, pursuant to the Provincial Standards JDCL is required to respond to my Letter of Objection and I am, in turn, to be provided with the requisite period of time to respond.

As an objector, I am not waiving my right to respond to the Application and to be notified of any Local Planning Appeal Tribunal hearing, and I am objecting to the Ministry processing the Application until JDCL meets its requirements.

Regards,
