

# Willow Glen Neighborhood Association

## Membership

Since WGNA's inception in 1973, its members have united to represent resident concerns on items such as roads, parks, business expansion, airport noise and curfew enforcement, neighborhood beautification, and public safety. As a member, your input will be key to creating a unified and fully-representative voice that represents your neighborhood.

Your membership dues will be used to support our neighborhood initiatives including Safe Routes to Schools, Blight to Bright, and administrative costs for general meetings and speaker series events.

### **Please mark your choice. There are three types of memberships:**
