Missing Middle

88% of Silicon Valley's residential units permitted thus far in the 2015-2023 RHNA cycle were in the Above Moderate (120%+ of the Area Median Income) category.

Regional Housing Need Allocation (RHNA)

Share of Residential Units Permitted in 2015-2023 RHNA Cycle, by Affordability Level

Silicon Valley and Bay Area

Goal:

Create a sustainable teacher housing model on privately owned land without government funds using a social entrepreneurship model and green high quality low-cost technology

This is a Pilot Program. Once the model is proven it can be replicated for Police Officers, Nurses, Firefighters etc. Anyone who has a job, pays taxes and wants to own a home.

Mission

- Help schools recruit and retain teachers so that Santa Clara County can have the best schools in the country.
- Create a sense of Community by providing housing to retired teachers.
- Help the Missing Middle become home owners by using a limited lease period with down payment savings program model.
