Women in Housing and Finance, Inc. (WHF) is celebrating 40 years of connecting and inspiring women (and men) for their professional growth and the advancement of the community development industry. Our members come from the private sector, state, local, and federal agencies, from not-for-profit organizations, and community groups.

Over the past four decades, WHF has continued to evolve and expand its impact for our members, advisors, and program participants by creating unique programs and events that inform, support, enhance and expand opportunities for our members. From intimate brownbag lunches, to inspiring keynote events and informative panels and roundtables, WHF provides a wide variety of unique programs and events that inform, support, enhance and expand opportunities for women in our industry.

Created by a small board of active volunteer members in 1981, our total membership has reached almost 2,000 colleagues ranging from senior executives, middle management employees and those just at the beginning of their careers.

WHF is so proud of our work and the ways we continue to support our members with a range of educational programming and networking opportunities. We hope that you will consider sponsoring WHF to help celebrate our 40-year milestone and continue to build strong opportunities for our members for the next 40 years.
