We GIVE A DAM Alliance

The **We GIVE A DAM Alliance** is a collection of community organisations who oppose the raising of Warragamba Dam wall. The Alliance opposes the raising of Warragamba Dam wall as it places developer interest ahead of community safety, Indigenous rights and the World Heritage Convention.

The Alliance supports the implementation of international best-practise flood management strategies for the Hawkesbury-Nepean Valley which would provide genuine benefit to western Sydney communities.

The Alliance is facilitated by The Colong Foundation for Wilderness. If your organisation or group is passionate about preventing the irreversible environmental and community damage that would ensue from raising the Warragamba Dam wall, provide your group's details below and send the completed application form and your logo to hello@giveadam.org.au.

Alliance member groups will be invited to take part in the development of campaign initiatives in their local area, be part of joint-media releases and co-host campaign events.

Alliance application form

Organisation name: _____

Postal address: _____ **Website:** _____
