Strength in Numbers! Retirement Security for All!

Older adults are the fastest growing group in Canada, representing 16% of Canada's population. With projections that older adults will represent almost a quarter of our population by 2030, our well-being is under threat due to inadequate retirement savings, government funded social supports and services, and health care.

Joining the Workers United Retirees Association means becoming part of an international movement to ensure the well-being of retirees and future generations!

The Workers United Retirees Association Can Help You!

“
You know why rallies always call seniors first?
Because we're RADICAL! We're here to win! We also know that we'll need your services one day.

”
