

Graduation Day Song

Two little words, two little words, two little words
Not Goodbye, It's end of the year. Graduation is here!
To my teachers, mom, dad, grandparents and ALL
Thank you, Thank you, Thank you everyone,
Thank you for all you have done.
You taught me to read and write.
You taught me to learn.
You said, it's going to be alright.
And how to take turns.
Thank you, Thank you, Thank you everyone,
Thank you for all have done.
You helped me tie my shoelaces,
Learn shapes and colors too,
There are so many things that you do,
I just want to say,
Thank you, Thank you, thank you everyone
Thank you for all you have done.
