Dear Ms. Baugh,

I am pleased to have been introduced to Young Catholic Professionals and I am happy to welcome you to the Diocese of San Jose.

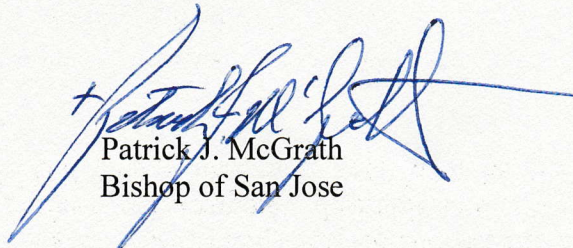

As you know, the demographics of Silicon Valley and the Diocese of San Jose make outreach efforts to younger professionals extremely desirable so that we may renew connections, strengthen faith, and engage these individuals with the life of the Church and with one another.

It is my hope that this new chapter, when established, would reflect the diversity of the Diocese on its leadership team and in its membership and that the programmatic offerings would be of particular relevance to the members and, of course, be reflective of the culture of the Catholic Church in this part of the United States. I am grateful that you will continue to communicate with Steve Do, diocesan Director of Youth and Young Adult Ministries, who will assist you in becoming familiar with the protocol for selecting a chaplain and speakers.

Please be assured of my prayers for you and for those who will work to form this new chapter.

With every best wish and kind regard, I remain,

Sincerely yours,

Patrick J. McGrath
Bishop of San Jose
