

Mae Yes Merthyr Tudful yn credu yn gryf iawn yn y cysyniad bod cryfder Yes Cymru fel mudiad yn deillio yn uniongyrchol o waith y canghennau ar lawr gwlad. Cyflwynwn y cynnig yma, felly, er mwyn cydnabod a chefnogi gwaith y canghennau a galluogi twf pellach yn genedlaethol.

Cynnig ein cangen ni, felly, yw bod 50% o'r ffi aelodaeth ein aelodau yn mynd yn syth i'r canghennau lleol er mwyn gallu adeiladu ac ehangu ar y gwaith pwysig y maen nhw'n eu gwneud. Teimlwn y byddai hwn nid yn unig yn galluogi'r canghennau i ariannu mwy o ddiwyddiadau eu hunain ond y byddai hefyd yn arwain at fwy o ymrestriadau yn genedlaethol wrth i ganghennau sylweddoli yn syth y manteision o greu a chynyddu eu llif arian eu hunain.

---

As a branch Yes Merthyr Tudful believes very strongly in Yes Cymru's mantra of being a grass roots movement whose strong USP owes much to the work of its branches - as we're sure you'd all agree. We submit the following motion for your consideration, therefore, as we believe it not only recognises this contribution so far, but also allows for far more ambitious plans to be embarked upon and realised at branch level along with a greater growth in membership nationally.

Our proposal quite simply is that 50% of each person's membership subscriptions be paid directly to their local branch. We feel that this would not only allow branches to fund more activities from within but that it would lead to a much more dynamic and pro-active recruitment drive with branches immediately appreciating the benefits of this income stream and the possibilities it would generate.
