

Yes Cymru Llundain Yes Cymru EGM 2018

Proposed motion 1: Partnering Yes Cymru groups.

Motioned by: Jules Hughes Watts (Yes Cymru Llundain) Membership No. 294

Reason for motion: Partner groups to encourage discussion, share ideas & foster a structure that is more de-centralised. It is suggested that each Yes Cymru group has an affiliation with another local group and another partnership with a group further afield.

Considerations the London group would like to share with YesCymru EGM

- Clear definition of how centralised the movement will be – some level of centralisation most likely required
- Remote attendance at meetings and voting by proxy
- Minutes to be available online following meetings
- Monthly/weekly updates and articles online
 - Themes such as Economy, Education, Defence, etc.
- Invitation for Yes Cymru group representatives to give short statements at this EGM, future AGMs & conferences about their group. More emphasis should be placed on the activities & ideas of Yes Cymru groups which can be shared with members.
