

**This meeting notes that:**

- several members were expelled from YesCymru between June and October 2018.

**This meeting believes that:**

- members should only be expelled from YesCymru in extreme and exceptional circumstances.

**This meeting resolves that:**

- a formal disciplinary procedure should be adopted by YesCymru members at our next EGM/AGM and should adhere to best practice and natural justice.
- as there wasn't any formal disciplinary procedure adopted by YesCymru members in place between June and October 2018, that all prior expulsions should be lifted immediately, and members previously expelled from YesCymru should be notified that they are free to re-join if they wish.
