In reply refer to file: F20-2332

Dear Ms. ██████,

This letter is in reply to Siri & Glimstad LLP's Freedom of Information Act (FOIA) request dated March 13, 2020. The FOIA request, submitted on behalf of Moms Across America ("MAA") and the Informed Consent Action Network ("ICAN"), is for "Documents reflecting the testing of vaccines for the presence of glyphosate and the results of any such testing." The request was received in the Center for Biologics Evaluation and Research (CBER) on March 17, 2020.

In an e-mail dated May 5, 2020 sent to [FDAFOI@fda.hhs.gov](mailto:FDAFOI@fda.hhs.gov), you requested a status update for FOIA request # 2020-2332. In response, on May 15, 2020, Beth Brockner Ryan sent an e-mail to you at [foia@sirillp.com](mailto:foia@sirillp.com). In that e-mail, she let you know that we interpreted your request to mean "any testing of vaccines performed by CBER" and requested that you provide further clarification if this interpretation was incorrect. As we have not heard from you and no additional clarification has been provided, we have proceeded in processing your request with CBER's aforementioned interpretation.

**After a thorough and diligent investigation, a search of our records did not locate any documents responsive to your request.**

You have the right to appeal this determination. By filing an appeal, you preserve your rights under FOIA and give the agency a chance to review and reconsider your request and the agency's decision.

Your appeal must be mailed within 90 days from the date of this response, to:
