Yes on **W** Local Control for OUR Colleges

**“Every penny of Measure W
will benefit West Valley and
Mission College campuses
and students.
NO funding can be taken
by Sacramento.”**

Silicon Valley Leadership Group

Dear Neighbor:

As a taxpayer advocate and current West Valley-Mission Oversight Committee member, I know how important fiscal accountability is to our community.

Measure W is a fiscally responsible plan for our local community colleges that ensures every penny benefits our campuses so students, veterans, and those seeking specialized career training can continue receiving high-quality, affordable education and job training.

YES on W strict fiscal accountability requirements include:

- ✓ Independent Citizen's Oversight
- ✓ Local control - NO money can be taken by Sacramento
- ✓ Annual, independent audits
- ✓ NO money for administrator salaries or pensions

Don't forget to vote at the polls or mail your ballot in for **YES on W**. Join the local League of Women Voters, employers, teachers and students in voting **YES on W**.

**Thank you,
