YUKON GOVERNMENT GLOBAL NOTE, JUNE 8 2020:

Summer vacation planning during COVID-19

With the summer months upon us, Yukon government encourages employees to take vacation leave where it is operationally feasible to do so.

During COVID-19, travelling to certain locations may require a self-isolation period upon return to Yukon. In advance, employees should work with their supervisor to ensure they have planned for their self-isolation period. ***For some employees this might include working from home. For others, vacation leave requests may be long enough to travel and complete the self-isolation period.***

Generally, paid sick leave will not be appropriate for the self-isolation period considering the known requirement to self-isolate and the Chief Medical Officer of Health's recommendations related to non-essential travel.

Employees can direct any questions about leave provisions to their supervisor, their departmental Human Resources or their HR Shared Services Representative.
