

Local Elections in 2019: Make Your Voice Heard!

What will we be voting on in 2019?

Most cities and towns in North Carolina will be electing a Mayor and Council Members this year. There won't be national or state-wide races, but that doesn't mean that this election won't matter!

Why should I care who wins?

The Mayor and Council Members decide how your city or town spends your tax dollars, and who benefits.

Your tax money funds services you and your community rely on, including:

- Drinking water
- Sewers
- Police and Fire Departments
- Public Housing
- Garbage collection
- Road Repair
- Parks and Recreation
- City bus system

Your Mayor and Council Members decide what can be built where, and who gets what services.

***The results of these local elections will affect you and your family every day.
You deserve to have your voice heard – VOTE!***
