

*Families, health, & economies  
grow when Mississippi invests in  
SNAP incentives!*

Many Mississippi families struggle with food insecurity, unable to provide enough food for every person to live an active, healthy life.

We want to Grow the Good in Mississippi: increasing access to healthy food by making shopping in the fresh aisles more accessible, bringing food security to Mississippi.

**Funding SNAP incentives would provide matching dollars to participating retailers and farmers markets for SNAP recipients to purchase additional fresh fruits and vegetables: this puts healthy food on the table for many Mississippians.**

the movement to #GrowtheGood!*

*Join us!*

**Text GROW to 46839**

Help support a policy to fund \$700,000 annually for SNAP incentive programs! This would pay for more than 1.1 million fruit & vegetable servings for 26,315 MS families.

### **SNAP incentive programs:**

- Grow the economy, especially local businesses: encouraging Mississippians to shop small.
- Grow local agriculture: helping farmers markets thrive.
- Grow healthy Mississippians: improving public health.
