1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial report is a general purpose report, which has been prepared in accordance with Australian Accounting Standards, for distribution to the Members of the Board of Governance to fulfill the Board of Governance financial accountability requirements, under the Association's Incorporation Act 1984 and the Associations Constitution.

It has been prepared on an accrual basis and is based on historical costs, except where stated, does not take into account changing money values or current valuations of non-current assets.

The accounting policies that have been adopted in preparing this report are described below and are in the opinion of the Board of Governance, appropriate to meet the needs of the Association.

a) Cash and cash equivalents

Cash and cash equivalents include cash on hand and at call deposits with banks or financial institutions, net of bank overdrafts.

b) Acquisition of Assets

All assets acquired including plant and equipment are initially recorded at their cost of acquisition at the date of acquisition, being the fair value of the consideration provided plus incidental costs directly attributable to the acquisition.

Assets are fully depreciated in the financial year acquired and any gains on disposals are included in the income statement.

Acquisition of assets that do not meet the criteria for capitalisation are expensed as incurred.

c) Provisions

Provisions are recognised when the Association has a legal, equitable or constructive obligation to make a future payment to other entities as a result of past transactions or events, it is probable that a future payment will be required and a reliable estimate can be made of the amount of obligation.

d) Employment Entitlements

Liabilities for employee entitlements, leave and redundancies, represent present obligations resulting from employees' services provided up to the reporting date, calculated at amounts based on current wage and salary rates including related on-costs expected to apply at settlement.

The Long Service Leave employee entitlement provision, represents the present value of the estimated future cash outflows to be made resulting from employees' services provided to reporting date. The entitlements are recognised from the commencement of employment, but provisions for each employee is provided from the 3rd year of continual employment, due to LSL being payable after 5 years of continual employment at the Association.

Contributions to employee superannuation funds are charged as an expense when incurred or become payable.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

e) Revenue

Revenue is recognised at fair value of the consideration received net of the amount of goods and services tax (GST) payable to the taxation authority.

Interest revenue is treated as income when it occurs.

Grant monies are treated as income in the year in which it is received, except to the extent that the grant is received in advance and is to be extended for future years. These amounts are treated as a liability and are disclosed as grants received in advance.

Revenue from services provided is recognised upon the delivery of the service to customers.

f) Income Tax

The Association has received endorsement from the Commissioner of Taxation as an income tax exempt Association under Section 50-5 of the Income Tax Assessment Act 1997, and in accordance with the restrictions imposed by exempt status, no asset or income of the Association may be transferred to any member of the Association.

g) Goods and Services tax

Revenue, expenses and assets are recognised net of the amount of GST except:

- where the GST incurred on a purchase of goods and services is not recoverable from the taxation authority, in which case the GST is recognised as part of the cost of the expense item ; and
- receivables and payables are stated with the amount of GST included.

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the Balance Sheet.
